

would require except in one respect i.e. beauty
But pray I love, using the word it sounds it from my
body but soon I know / her right well & heartily better
than I ever thought I should any girl

I like Olymptus much. He presents those great & all
important subjects to the mind in such a manner
that it is impossible to misunderstand and hard to confute
This is the only book of this nature I ever read except
a little of Paley studied in school very deep - strange as
it may seem - I never could resolve to take up a
book of the kind but believe me when I say that I
read this book with much interest and understand-
ing, too I still read in it & I will continue so
until I thoroughly comprehend the whole
There are some faults or omissions in teaching &
but I am unaccused in his plan but I cannot know
go into that as my time is most out - I should
have been very happy to have enjoyed the trial I have
I am on the Boat -

Why did you not write me more particularly
about the 'unwelcome news' you expected from
you. Let me know & may you everything that
appears which has any effect upon your prospects
I am boat making some changes in my business
relations. I expect Mr Wm. Guer from N.Y. will become
my partner in the course of a few months I will

be a good thing for me! but of this next time - See Frank
if possible & tell him I have gone I shall be home
again on Tuesday next. I may come down for a day
or so while Frank is there if I know. I write to
Frank that I should go to Buffalo Sunday next
My regards to all - Yours ever
Babcock
